

SOLUTIONS

Cognitive Impairment Package

Finding lost loved ones

A PERS Solution you will be excited to share with your members family!

Lost mom?

Our Cognitive Impairment Package is the complete set up to help find family members and loved ones. When in a crisis, our text to locate feature is your solution.

Can we prevent elopement?

We have door and bed alarms that alert all family members and caregivers in the home when a member may try to wander. We've helped thousands of members with this solution.

→ Our package is complimentary with your members PERS authorization.
